Forecast for Thursday 30 Jun 2022

Weather: Heavy rain developing in the early hours, a low risk of thunder, dying out towards dawn with cloud breaking. Then sunny intervals, with showers developing, some heavy with the chance of thunder, dying out in the evening. Best sunshine towards the west coast and westernmost fells where it may stay dry.

Chance of cloud-free hill tops above 800m: 60% in morning rising 90% in afternoon.

Low cloud and visibility: Some patchy cloud at 600m at first but lifting above tops by mid morning. Visibility mainly good by day away from the early cloud but some temporary reductions in showers, briefly poor in heaviest showers.
